Pain Numbing Applicator

www.coolsense.ca

The innovative CoolSense does away with the stress and fear that is associated with injections, the most common health-care procedure performed worldwide.

SAFE FOR ALL AGES

Extensive R&D had produced a revolutionary but simple, non-invasive hand-held device that immediately numbs the site of injections with no after effects.

FAST AND EFFECTIVE

Acts within 3-5 seconds to numb the site for painless injection procedures in clinics, hospitals and home.

SIMPLE TO USE

No training required, easy to follow instructions.

INNOVATIVE TECHNOLOGY

Reusable, light and portable.
Colour changing Thermometer to ensure optimal temperature.

*“...makes perfect sense
when you lose
that sense of pain!”*
