SKIN OPTIMIZING SYSTEM

A skin care line you can  
recommend with confidence!

## KEY COSMECEUTICAL INGREDIENTS AND TECHNOLOGIES

Alyria products are formulated with effective concentrations of key cosmeceutical ingredients and delivery systems, providing you with optimal products for your patients.

### Matrixyl™

Matrixyl™ mimics the skin's natural regenerative process and stimulates the synthesis of collagen and other essential components of youthful skin. This synthetic micro-fragment of collagen helps promote deep tissue repair and diminish the appearance of wrinkles and fine lines.

Alyria's patented time-release MicroDelivery™ system protects the potency of Retinol and maximizes its benefits, while virtually eliminating skin irritation.

### Retinol

Retinol, Vitamin A in its purest form, is essential to the maintenance of normal, healthy skin. It rapidly revitalizes the appearance of sun-damaged and aged skin.

### Vitamin K

Vitamin K prevents and erases bruising. It is most effective in formulas designed to decrease dark circles under the eyes.

### Vitamin C

L-Ascorbic Acid is the only form of Vitamin C scientifically proven to produce significant results. It stimulates collagen synthesis and plays an active role in the prevention of premature aging of the skin.

Alyria's unit dose capsules for maximum stability.

Alyria's patented Amphoteric System™ controls the release of Glycolic Acid, thus allowing the use of higher, more effective concentrations without irritation.

### Glycolic Acid

Glycolic Acid, the smallest AHA molecule, accelerates the skin's own natural shedding process. Known as the exfoliant of choice, Glycolic Acid helps to smooth the surface of dry, sun-damaged or aging skin improving roughness and minimizing fine lines.

### Triple Hydrating Blend

The blend consists of Petrolatum, Shea Butter and Glycerin, all proven moisturizers. It helps replenish the skin's moisture and elasticity, eliminating the itchy, tight feeling associated with dry skin.

## The best science in one SKIN OPTIMIZING SYSTEM

### Intense Wrinkle Correction

**5% Matrixyl™ and 0.1% Retinol**  
Reduces deep wrinkles, rebuilds skin leaving it brighter, firmer and smoother.

### Exfoliating Cream Level 1 8% Glycolic Acid Exfoliating Cream Level 2 15% Glycolic Acid

Provides a smoother and more radiant skin, while reducing the appearance of fine lines.

### Revitalizing Eye Serum

**4% Matrixyl™**  
Minimizes the appearance of crow's feet, wrinkles and fine lines around the eyes.

### Antioxidant Capsules

**10% Vitamin C (L-Ascorbic Acid)**  
Enhances skin's clarity and promotes its elasticity, while diminishing signs of aging.

### Gentle Cleanser

**No chemical irritants**  
Cleanses the skin, leaving it soft and clean without any irritation.

### Exfoliating Cream Level 3

**30% Glycolic Acid**  
Helps slough off dead surface skin cells on rough areas of the body, leaving the skin smoother and healthier-looking.

### Retinol Night Complex Level 1 0.15% Retinol Retinol Night Complex Level 2 0.30% Retinol

Revitalizes aging skin and reduces the appearance of wrinkles.

### Resurfacing Body Care

**Glycolic Acid and Vitamin E**  
Sloughs off dead skin cells on the surface of dry and rough areas of the entire body, revealing silky-smooth, moisturized skin.

### Clarifying Cleanser – Oil Free

**4% Glycolic Acid**  
Cleanses the skin and refines its pores, leaving skin clean and soft.

### Purifying Mask

**10% Glycolic Acid and Kaolin**  
Deep-cleanses to lift impurities and dead cells from the surface of the skin, leaving the skin looking smoother, healthier and radiant.

### Anti-Dark Circle Night Serum

**1% Vitamin K and 0.075% Retinol**  
Fades away the appearance of dark circles under the eyes.

### Clarifying Astringent

**8% Glycolic Acid**  
Evens out the complexion while deep cleansing, for clearer and healthier-looking skin.

### Revitalizing Cream

**4% Matrixyl™**  
Reduces the appearance of wrinkles and fine lines, while hydrating the skin.

### Hydrating Complex

**Petrolatum, Shea Butter and Glycerin**  
Creates an invisible barrier against moisture loss, leaving the skin enjoyably soft and comfortable.
